RE: CARTHON: "PROJECT X" YOUTH INITIATIVE

Dear Supporters;

Greek organizations have long been recognized as the leaders on college campuses. Carthon: "Project X" is a unique performing-arts-and-academic-achievement program designed specifically to foster "*education through unity*" amongst our youth. This is done by using the direct example of different college undergraduate and graduate Greek-letter organization members, which our youth so greatly admire.

Our continuing goal is to raise university Greek-letter organization members' status and standards so high so as to be able to use them to help lure our youth away from the *streets of darkness* and point them to the *bright lights of higher education*. However, to do this *effectively*, we need the help of you and the entire American educators and education system. Please take 2 short, yet very important, minutes of your time and email us the following:

- Your First and Last Name
- The name of all degrees you've earned, if applicable (*i.e., B.S. in Music Ed., etc.*)
- What current position you hold at your school/job
- Where you work, in what City, and State
- Any Greek organizations of which you are a member
- Also, email the words "Carthon: 'Project X' has my full educational support."

Here is an example of what we need from you:

Tim Carthon, BSMUE, President
Premier Budgeting International™
Cleveland, OH
Kappa Kappa Psi® N.H.B. Fraternity, Inc.
Alpha Phi Alpha® Fraternity, Inc.
Order of Free and Accepted Masons
"Carthon: 'Project X' has my full educational support."

After which, your name will be put on our long list of educational youth-project supporters. Our goal is a *minimum of 100 schools and 10,000 educators and supporters*. This, in turn, will greatly assist us in securing (from potential corporate and community sponsors) the funding needed for this youth project's *national launch, currently set for Summer, 2010*.

We thank you in advance and look forward to receiving your support.

Sincerely,

The Carthon: "Project X" Committee
